

# *2007 Court Alcohol and Drug Program Annual Meeting*

## **An Invitation to Attend**

The 2007 Annual Meeting for Court Alcohol and Drug Programs is planned for Thursday, March 1 and Friday, March 2, 2007. This event is coordinated by the Indiana Judicial Center, the Court Alcohol and Drug Program staff, and the CADPAC education subcommittee. We encourage you to attend this annual meeting and participate in the activities; as Chief Justice Shepard shares with us, "this is a superb way to improve what we do for the people of Indiana."

This educational meeting is an excellent opportunity to experience networking opportunities with colleagues, earn continuing education credits, and come away with practical information for your court A&D program. The meeting is open to Court Alcohol and Drug Program supervising judges, their court staff, and drug court judges and staff who also have a court alcohol and drug program.

Please complete the registration information provided and join us for the 2007 Annual Meeting. We look forward to seeing you in March.

*Hon. Randall T. Shepard, Chief Justice of Indiana*

### KEYNOTE ADDRESS

#### **'REV' Renewal for Everyday Vitality**

*Lynn Shaw, Energizing Life*

Are you a master in self-care or self-sabotage? Do you give lip service to your clients about creating a life of recovery; do you practice the very strategies you teach? This experiential session will provide you with strategies and fun for your personal self-care as well as tools to implement with your clients.

### GENERAL SESSION 10:45 a.m.—12:15 p.m.

#### **Drug Abuse, Addiction, and Mental Illness**

*Dr. Donald Vereen, National Institute on Drug Abuse*

This session explores the current scientific views on the link between substance abuse, mental health, genetics, and behavior. You will learn how these multiple factors have a severe and long lasting impact on the brain.

### BREAKOUT SESSIONS 1:15 p.m.—2:45 p.m.

#### **Prescription Drugs: Abuse and Diversion - Part 1**

*Ritch Wagner, Law Enforcement, Purdue Pharma L.P.*

The intent of this session is to educate professionals on the laws and regulations governing the prescribing of controlled substances and prevention of drug diversion. The session will focus on the problems surrounding misuse, abuse and diversion; review a brief history of narcotics laws including CSA 1970; and discuss the differences between state law, federal law, and medical board regulations.

#### **How Altered Brain Function Affects Compliance**

*Dr. Donald Vereen, National Institute on Drug Abuse*

Often, our focus seems to be on getting the person clean, not necessarily on the continued effects of substance abuse. This session will outline the behaviors that are associated with Post Acute Withdrawal, a phenomenon that is often overlooked in a person's recovery, and how it can influence a client's compliance with the program.

#### **More, Understanding Judicial Decision Making**

*Hon. Mark Stoner, Marion Co., Hon. Frances Gull, Allen Co., and Hon. Michael Rush, Whitley Co.*

Back by popular demand, this session will be a continuation of last year's discussion about how A&D judges decide and make recommendations for a particular legal situation or case, including court management, political process, and sentencing guidelines. Question and answer opportunities will also be available.

### Gender Programs ARE Working

*Hon. Rebecca McClure, Joe Plewa and Penny Rader, Boone County Superior Court*

This session will demonstrate an innovative way of working with offenders in a jail setting that really works! The philosophy of this treatment program is the Social Learning Model. Hear how it is making a difference in Boone County.

### BREAKOUT SESSIONS 3:00 p.m.—4:30 p.m.

#### **Prescription Drugs: Providing Relief, Preventing Abuse - Part 2**

*Dr. Sherry Siegel, Purdue Pharma L.P.*

Prescribing controlled substances for legitimate medical uses is necessary but requires special caution due to the potential for abuse and dependence. This session will look at recognizing the medical values of opioids, distinguishing different types of addiction, identifying indicators of possible abuse, and strategies for handling the person suspected of abusing prescription drugs.

#### **Working with Resistant Clients and Criminal Thinking**

*Dr. Bill Elliott, Department of Correction*

During this session, you will learn the thought processes behind the behaviors of your most resistant clients as well as helpful tips on how to help them succeed in your program.

#### **Myths of Marijuana**

*Dr. Donald Vereen, National Institute on Drug Abuse*

How has marijuana changed since the 60's? How is it used today? What impact does the difference in today's marijuana have on assessing and referring our clients? Learn all this and more in this exciting session on marijuana.
